Michelle Taylor visits with friends outside the Hat Rack.

The fifth graders of Blue Lake Elementary School spent a day exploring everything at Stetson during Greek College Days.

This year Stetson welcomed in the largest freshman class in many years. It was a year of changes in attitudes and actions of everyone at Stetson.

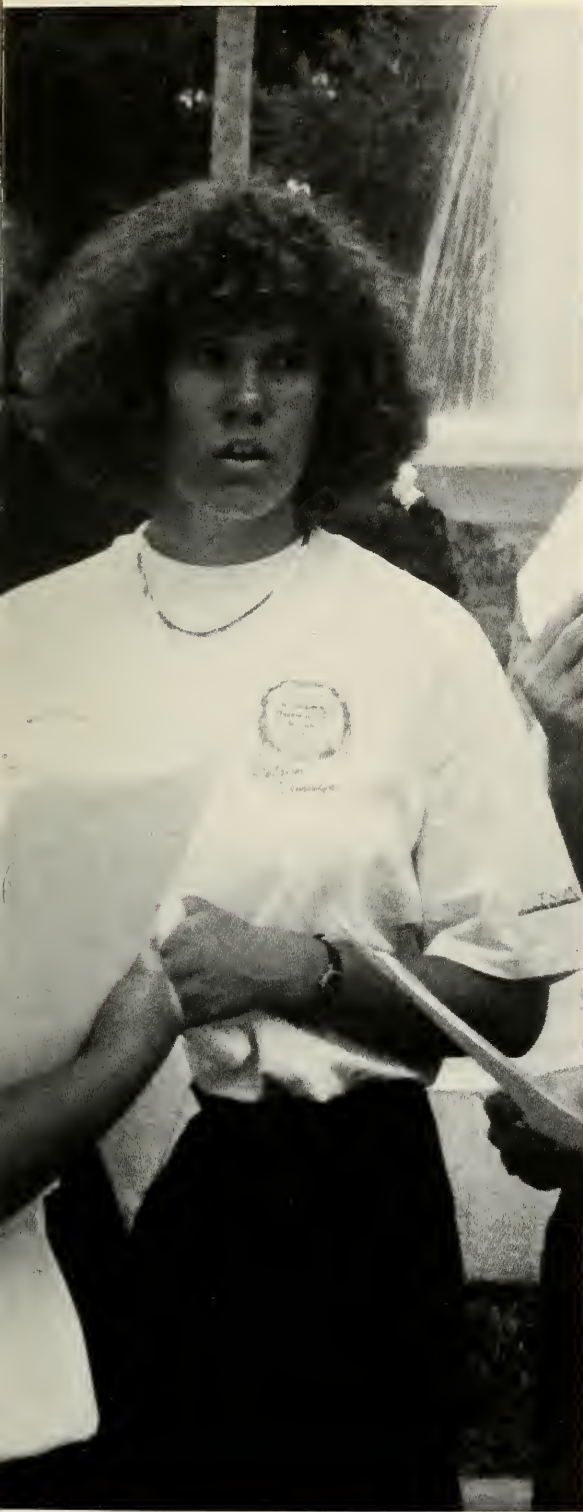

Awareness was the word of the day — every day. There were activities, speakers and organizations planned throughout the year to bring unity into the community. To be proud, aware, honest, and diligent is to be a member of the Stetson Community. So — If the Hat Fits ... Wear It.

Several chess tournaments were held at Stetson this year.

The Chalk Art event during Green-feather brought greeks and independents together to raise money.

EVERYBODY WEARS A DIFFERENT HAT

EVERYONE HAS SOMETHING TO OFFER AT STETSON

The increase in cultural awareness throughout every aspect of campus life, combined with the diversity Stetson is growing towards, has helped Stetson students, faculty, and staff to get involved and get to know each other in a more open and honest way. There was a greater respect towards others that could be sensed in peoples' attitudes and actions throughout the year. At Stetson, the variety of lifestyles and personalities has developed a sharing and caring environment in which to work, play, study, and live in each day.

From socials to town hang-outs, the Stetson community is uniting towards a common goal. Whether you are greek or independent, a commuter or a townee — one thing is certain — even though everyone wears a different hat — we are all striving for Unity in our Community.

Anita Ogden and Holly Ingram worked as FOCUS advisors to the new incoming students.

ALPHA

CHI

OMEGA

The Spring new members of Alpha Chi Omega.

Alpha Chi Omegas can be seen all over Stetsan, involved in every aspect of campus life. From Mortar Board and Stetson Union Board to American Marketing Association and Pi Alpha Delta, from Cheerleading to Synchronicity to Rho Lambda and Omicron Delta Kappa — Alpha Chis are never far away.

Within our chapter as well, our sisters are very active. This year's campus-wide Alcohol Awareness program had everyone sporting "Party-Smart" buttons, and our annual Newlywed Game raised money to be donated to the Alpha Chi Omega foundation. Also, thanks to our Miss Greenfeather, Julie Koenig, Alpha Chi placed third in the week long event.

Our Social events can't be beat. Our fantastic socials with the men of Alpha Tau Omega, Lambda Chi Alpha, Sigma Phi Epsilon, and Phi Sigma Kappa were some of the highlights of fall semester. The sisters also enjoyed our annual Winter Formal at Disney's Grand Floridian this year. Indeed, our date socials are always great fun. Some of the recent events we've enjoyed are Italian Wedding, April Fool Around, and Woodser.

OMEGA

Theta Psi Chapter of Alpha Tau Omega has once again shown greatness throughout campus, and the community. Our excellence in social service continued to shine through project like: Youth Motivators, Adopt a Road, visits to the Duvall Home, and the Miracle Mile Walk for Abused Children. ATO raised money for the American Cancer Society by winning the Greenfeather competition. Our Brotherhood grew with outstanding new members, and a great Brother and Pledge retreats to Ocala National Forest. Our party scene was phenomenal! With great socials, like Jungle Party and Wet'n'Wild, we set new standards. And Viking Party remained the biggest, wide-eyed, bonafide, party of the year. ATO is shaping the leaders of tomorrow by shaping Stetson's campus today. Trend-setting and awe-inspiring. Way to go ATO!

CHAUDOIN

Chaudoin Hall is the largest residence hall on campus, with two hundred and forty-two female residents. It has a mixture of freshmen and upper-classmen to help make it a place where everyone can fit right in. Tradition is what the staff has maintained throughout the year with programs like: Who's shooting in Chaudoin; Chaudoin Home Video; Roommate Games; Alcohol Awareness; Mardi Gras; Fiestas; and the Dr. Truth Show. This is just a sample of the many programs Chaudoin had to offer its residents. Who could possibly get bored? The lobby is always filled with people watching movies, playing the piano, or just wanting to hang out and procrastinate. Chaudoin's basketball team won second place in intramurals, and our residents showed Stetson how much we like to talk on the phone by winning the Admissions Phone-A-Thon contest. Chaudoin is one big family. It's the place "Where Everybody Knows Your Name!"

ALPHA

XI

DELTA

The Omega chapter of Alpha Xi Delta recognizes the importance of eternal sisterhood. A close bond is kept between alumnae and active sisters. Alpha Xi Delta received the Alumnae Relations Award at the 1990 Greek Banquet. The sisterhood is built through sister retreats, alumnae teas, and other sister activities.

"Have Fun!" Alpha Xi's at Stetson definitely live up to their motto with our Cruise Ship Formal, Socials, movie nights, and date functions. Always smiling, Alpha Xi's get the most out of life. In the classroom, at the social scene, or on the field, the positive attitude is evident. The Sportsmanship Award is presented to the Omega Chapter for this reason.

Another strength is the loyalty to service. Alpha Xi Delta's charitable works include: "Send a kid to Camp," the March of Dimes, Children International, and Choose Children.

Founded ... Lombard College 1893. Colors ... Double Blue and Gold. Flower ... Pink Rose. Motto ... "Have Fun, Have Friends, Have Faith, Have Love." Mascot ... Teddy Bear.

ZETA

TAU

ALPHA

The Sisters of Zeta Tau Alpha have had an awesome year with two outstanding Pledge Classes. The Chapter ended the year with 72 active members. The year was highlighted with socials with Sigma Nu, Sig Ep, Phi Sig, and ATO. Every event was fun for all involved. The sisters had an adventurous time at the Second Annual Crown Royale in Orlando, and at Spring Fling in Daytona.

The sisters of ZTA also were busy with Greenfeather, Parents Weekend, and Crown Classic. The year was another winning year for Greenfeather with Amy Sue Tomlinson as our Miss Greenfeather and Jen Ator as Greenfeather Co-Chair. Parents Weekend was led by our own Sydney Millard, and was a great success. Beth Wactlar was outstanding as Focus Co-Chair. The Chapter is yet busting at the seams with outstanding leaders both within and outside the Chapter.

DELTA

DELTA

DELTA

This year Delta Delta Delta was active in the community, on campus, and socially. The Tri-Deltas participated in Habitat for Humanity, Paint Your Heart Out and Yapis Beach Clean Up. They also sponsored, again, the Red Cross Blood Drive along with Phi Sigma Kappa.

The members of Tri-Delta are also seen in many campus organizations such as SUB, ODK, Mortor Board, Youth Motivators, Beta Beta Beta, Synchronicity, Student Ambassadors, and FOCUS. They are proud to boast of Tri-Deltas being president in such organizations as SGA, Order of Omega, and Yapi.

Tri-Delta was also very busy socially beginning with our annual Crush Party in the Fall. Then came Halloween with the Lambda Chis, a quad with the Phi Sigs and Alpha Chis, Fingerpainting with the Sig Eps, Pharoah with the Delta Sigs, and Wet-n-Wild Warfare with the ATO's. Oh yes, it was a fun year socially. On the athletic side, Tri-Deltas worked towards achieving the Christianson Cup for the 5th year in a row.

Tri-Delta's strength also shined through our close relations with our Alumnae. Delta Delta Delta excelled and boasted to be "Built on Tradition."

THE DIVERSITY

WITHIN

NEMEC HALL

Nemec Alpha is the ultimate in freshman residence halls. Alpha's twenty-three first year students, 11 men and 12 women, with the inclusion of a few upperclassmen, have created a most interesting and often entertaining living environment based around their diversity. Alpha represents a seemingly unlimited number of social and ethnic backgrounds as well as a wide range of interests. Around campus Alpha's are involved in the Honor's Program, Intersivity Christian Fellowship, BSU, Wesley House, Stetson's softball and soccer teams, SGA, the Stetson Reporter, Circle K, Youth Motivators, Cheerleading, and the forensics team. Alpha is also representative of seven different Greek Organizations. Among all of this diversity, Alpha has still managed to have a productive year, building new friendships and exemplifying the Residential Life theme: "Unity in our Community."

ALPHA Residents: Clint Adams, Safiya Alhassan, Michelle Battex, Mary Cappelli, Rhessa Carroll, John Clark, Bryan Cochran, Melanie Cook, Mark Galasky, Ted Ghostbear, Billy Gillen, Jamie Hine, Jay Joseph, Jessica Kirkwood, Tim Lao, Brian Meredith, Brian Neidhardt, Matt Nystrom, Vaishali Patel, Julie Pearson, Sal Pirrane, Andrew Richmond, Mitzi Russell, Mona Shah, Kim Simonds, Tina Villanova, Michele Whisnant, and Jarrad White.

Now in its second year, the Honors Pad continues to flourish. The Beta community, made up of sixteen returning residents and thirteen freshmen, has been characterized this year, by both its relaxed inviting environment, and the closeness of its people. Betas are involved in: Youth Motivators, BSU, Intersivity Christian Fellowship, Students Transcending Homophobia, Circle K, the Stetson Hatter and Reporter, the Stetson Orchestra, Students Together Against Sexual Assault, SGA, Forensics, volunteer work throughout the community, Cheerleading, the flute choir, Crew, and four Greek organizations. Despite the plethora of activity, the people of Beta still found plenty of time to bond, such as: trips to the Sugar Mill; a pilgrimage to Walt Disney World; open study groups; nights out at Club Europe; the dog track and the bowling alley; a ping-pong tournament; a home-cooked dinner sponsored by the women; painting a childrens' shelter; and many birthday parties. The Honors Pad has truly become home for its residents, and memories have been forged here that will never tarnish.

BETA Residents: Ivette Alvarada, Dena Baker, BethAnne Copeland, Cynthia Destefano, Laura Dunifon, Sally Elias, Ady Hall, Christine Helm, Diane Heritage, Joyce Nailling, Tiffany Smith, Heather Vande Hei, Tricia Zippay, Ken Biancard, Rich Buxman, Michael Halbein, Bill Kern, Kent Meckley, Josh Nye, Chris O'Brien, Keef Owens, Dexter Palmer, Rick Pruneda, Ray Ravis, Lance Starr, Paul Walker, Jeff Weakley, and Justin Williams.

THE VARIETY IN NEMEC HALL

Delta is the Environmental/Social Concerns pod of Nemec Hall. We have had great fun fulfilling this title by cleaning the beach, donating Thanksgiving dinners to needy families, volunteering on Head Start Day, washing puppies at the Humane Society, volunteering at the Duvall Home, making love beads, planting our garden, and of course the title of #1 recyclers (of everything, right BOYS?) on campus. The residents of Delta created lasting friendships and learned about transferring, maturity (?), studying (?), members of the opposite sex, and domestic disturbances this year.

Nemec Epsilon is constantly "expressing ourselves" in all we do. We had a fun year of making lasting friendships and sharing a little of ourselves in the things we do each day, whether just hanging out in the lounge, going out, losing weight (yes!), or attending hall programs.

The Gamma Girls have had a terrific year in Nemec Hall. We started the year on a sweet note with our fondue party then had fun making caramel apples for the Halloween trick-or-treaters. Gamma adopted a family for Thanksgiving and delivered a big turkey dinner with all the fixings. We ended a great year by decorating studyboards. We've all made some lasting friendships this year.

PI

BETA

PHI

Pi Beta Phi was the first national sorority for women, as well as the first to be established on Stetson's campus. The tradition continued as this year was filled with sisterhood, spirit, and excitement.

Pi Phi's straightened their halos and aimed extra high towards academics this year. As a result, Pi Phi had the best overall GPA's on campus.

The Pi Phi's love to help others. Once again, many Pi Phi's were Youth Motivators. The annual Head Start Halloween and Easter Egg Hunt parties were a lot of fun and a huge success. They also helped with a food drive at Thanksgiving and collected books for the pediatric department at a local hospital. Pi Phi's this year also sold doughnuts to benefit their national philanthropies, Arrowcraft and Links to Literacy.

This year Pi Beta Phi welcomed an energetic bunch of new angels. Pi Phi was not to be outdone socially, either, as they enjoyed their Winter and Spring Formal's many socials, and the annual Beaus and Arrows Valentine's Dance.

The summer of '93 was filled with magic and excitement as Pi Phis from Stetson joined other Pi Phis from around the country at the 126th Pi Beta Phi National Convention in Orlando.

SIGMA

PHI

EPSILON

Sigma Phi Epsilon continued its strong tradition of excellence with another exciting year of accomplishments. Sig Eps pushed to keep the Chancellor's Cup by working in the Big Brother program at Blue Lake Elementary, building houses for Habitat for Humanity, coaching a youth league soccer team, and keeping the Adopt-a-Road clean.

Sig Ep's recruitment in deferred rush was among the best. Fall semester's hard work paid off nineteen quality men pledges Sig Ep. This boosted manpower to over seventy members, and Sig Eps remained the largest fraternity on campus.

As always, Sig Ep's had the best socials on campus. Down in the French Quarter with Pi Phi and Child's Play with Alpha Chi Omega kicked off the year followed by the Halloween Party with the Zetas and New Year's in November with the Tri-Delts. Fingerpainting and Bahama Blues were the highlights of the year. Formal events were held in Altamonte Springs and at Cocoa Beach.

Sigma Phi Epsilon enjoyed an outstanding year on campus, in the community, and in the national fraternity. Once again, Sigma Phi Epsilon has a proven record of excellence and will continue to do so in the future.

WHERE THE

MEMORIES BEGIN!

CONRAD HALL

Conrad Hall's theme this year was, "Where the Memories Begin." Everyone gave Conrad a sense of enthusiasm, energy, and involvement.

Greenfeather was our first of many great successes. We won first place in the category of Residence Halls. Third North won "Most Halloween," and the first floor took "Best Overall" in the cake decorating contest.

The residents were also involved in intramurals: soccer (which came in second) basketball, volleyball, tennis, and flag football. Everyone got involved.

During Homecoming we created a colorful, tropical rainforest float that included costumes and sound effects. For all the efforts, the float won first place.

Some of the things Conrad's residents were involved in were: Kindergarten Day, skating at Orlando Ice Skating Place, a BBQ with Gordis Hall, rape crisis, collecting food for the Humane Society (with Stetson Hall), and volunteering in the Head Start.

All this makes for a very exciting life in Conrad Hall.

THE WORLD

ACCORDING TO

SMITH

Throughout the year Smith Hall has seen a number of new and exciting events. The most obvious change was when the men of Smith found their hall had gone co-ed. At first, the girls were disappointments about their housing assignments, but once they got to know their roommates, resident advisors, and hallmates, everyone knew it was going to be a great place to live.

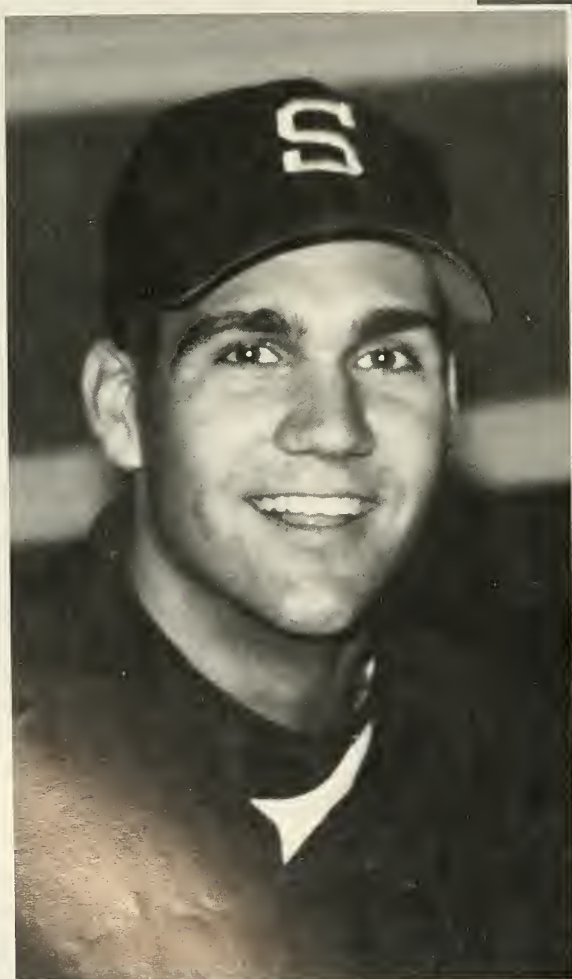

During the Fall, residents took part in ice-breakers, camping trips, and the Great Smith Hall Water War! Although the war was only suppose to last an afternoon, residents could be found carrying their super-soaker guns around all year. For the Spring semester, residents followed their baseball playing hallmates to Conrad Park to cheer for the Hatters.

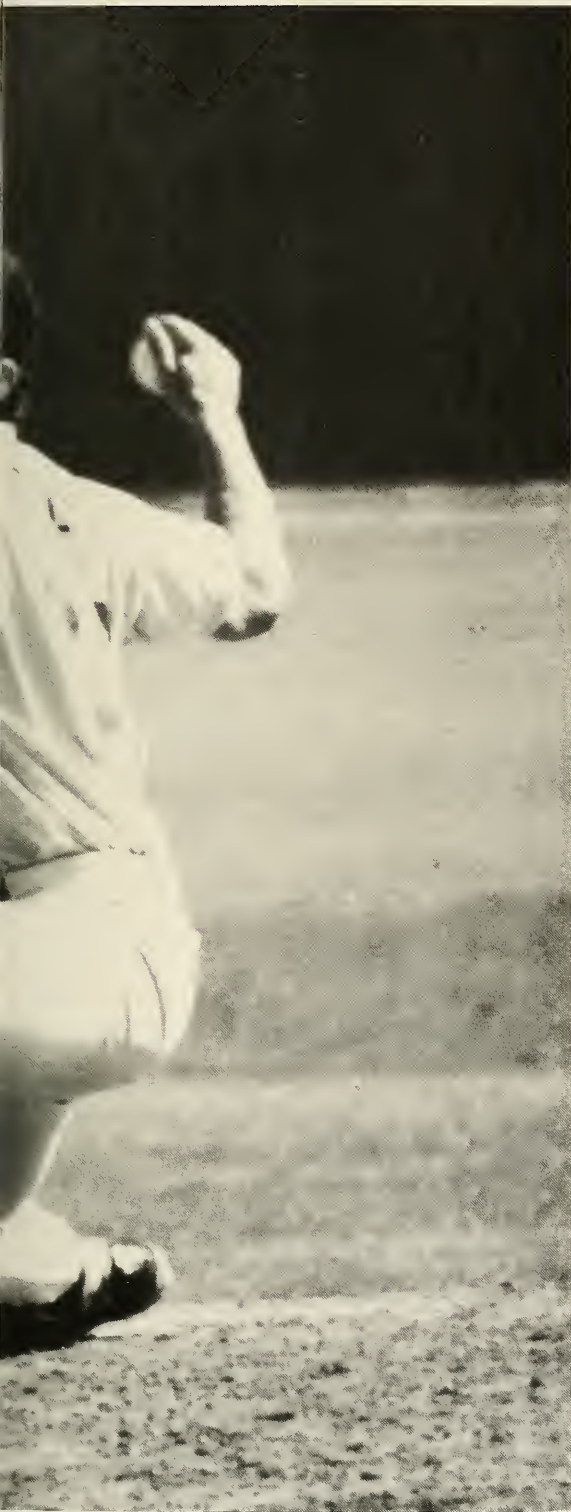

Before and after Spring Break, the lawn of Smith was scattered with residents who were praying for any ray of sunshine that they might catch to work towards the ultimate tan. Other great outdoor unforgettable spring events were hallwide bar-b-ques, intramural games, spring fling pool parties, volleyball games, and water-gun fights. All in all, the year according to Smith was a great success- everlasting memories were made.

GO HATTERS

CHEERING THE HATTERS TO VICTORY

This was an exciting year for sports at Stetson. Each team began the year with optimistic attitudes and a revived energy to claim victory.

The year began with renewed hope and confidence by all athletes that this would be a year to remember for Stetson — and it was. Along with all the excellent sporting events, several other exciting events occurred. The Orlando Majik set up practice in the Edmunds Center, giving everyone a first hand look at the Shaq. Stetson also hosted the NCAA basketball Championships.

As the year draws to a close we have to say goodbye to Mike Mugavero the head coach for the soccer team, and to the excellent basketball coaching of Glen Wilkes.

This was definitely a year to cheer GO HATTER!

HATS OFF TO UNITY

STETSON STRIVES FOR UNITY

This year's school theme was *Unity in the Community*, and Stetson took definite steps to ensure unity within every aspect of Stetson life. This was a year of increased awareness by the students, faculty and staff. From student ambassadors to Crew, from Habitat for Humanity to Yapi, from the Multicultural Diversity Council to Homophobia Awareness everyone was getting involved and motivated — making this a landmark year in Stetson's history. *Hats off to Unity in the Community.*

HAT TIPPIN' GOOD TIMES

THERE'S SOMETHING FOR EVERYONE AT STETSON

In between studying for tests and writing papers students could be found enjoying themselves at the various day and day events sponsored by campus life. Along with the annual Luau, Greenfeather and Sun-splash, the Harvestfest, the Last Splash Bash and several concerts at the pit were enjoyed by the students, faculty and staff. This year was full of hat tippin' good times for everyone to enjoy.

"Peer Pressure" performed during Focus to make new students aware of what they might encounter during their first year.

Anita Odgen, Kevin Kline, Patti Peach, Beth Wactler, Kristen Moriarty, Craig Stevens, Dave Probert, Kim Battaglini, Monty Hoeft, Ellen Ragland, Heidi Grimes, Kathleen McQuone, Holly Ingram, Julie Jerbi, Shea Sargeant, Lanie Landsell, Todd Ancher, Jennifer Lawrence, Rob Dominica, Will Gribble, Mike Bowdish, Jenny Gewartowski, Wesley Scott, Eric Remington, Brooke Nelson, Jeff Paulk, Karen Lenn, Jeff Thompson, JoAnn Stratakes, Jill Weber, Kamila Bosek, Megan O'Donnell

Students and parents reviewed the registration materials they received during FOCUS. By getting the information while parents were still there, students were able to make the best choices possible for their first semester.

Janice Hart, Rich Walsh, Donnie Hitchcock, Brian Durney, and Jeremy Templeton attend the recruitment at Wesley House earlier this year.

SOAR, along with FOCUS helped welcome new students to the Stetson Community through day long events and special programs geared to help incoming students adjust to college life.

FOCUS

IN ON THE NEW YEAR

FOCUS — Friends on Campus — was originally designed by students for students. Realizing how hard the transition to a university setting can be, the members of FOCUS have made that transition easier for a new crowd of students!

What a crowd! The program seemed tailor-made for the amount of people that we welcomed this year — the largest freshmen class in ten years, as well as a larger nontraditional group. Throughout the week before classes began, FOCUS advisors were rushing with their fellow students-to-be in a whirlwind experience that was meant to prepare one for college life.

This year's FOCUS co-chairs, Kristen Moriarty and Beth Wactlar, welcomed the new students aboard and, with the help of their excellent staff and advisors, guided the new members of the Stetson community through signing up for classes, the University Experience, Risque Business, a scavenger hunt, pool Olympics, and "Wayne's World." This was one of our best years ever!

Lisa Stewart stops at the book store to prepare for the first day of classes.

N THE MOVE AGAIN

Every time you come back, there's just something different about the old place. Whether moving into Stetson dorm is your first extended time away from home or not, there's still a feeling of distance — from home and from yourself. "This is the end of the innocence ..."

Perhaps the most unusual thing about being away from home is that sense of power which comes from being on your own. Jennifer Stetson, from Salem, New Hampshire, says that the most surprising thing about being on campus for her was being "totally independent (and) on your own."

"If you don't read, YOU FAIL!" Mitzi Russell from Gulf Stream, Florida, said. She had a difficult time getting self-sufficient. With no parents nudging you awake and only very limited restrictions on movement, many students often find it hard to be active early in the mornings.

The Stetson experience can be especially frustrating for transfer students. Raymond Diaz, from Bushnell, Florida, has also done work at USF and PHCC. He has had to work out a "cut down on time" that he had not been used.

Even though Stetson is a great place to be, all of us still find we have a lot of adjusting to do.

UAU OFFERS A TASTE OF TROPICAL PARADISE

Was it Hawaii, Fiji, or the Caribbean? No, it was the annual Luau, near the Hat Rack. This yearly event, sponsored by food services, offers a change of pace in everyday "commons" food.

Through the meal card line and adorned with leis around their necks, the hungry masses entered the wooden cabana. Inside there were various food choices, including many types of seafood. The most popular was shrimp. But there were also several tables piled high with fruits and other treats, arranged in a Hawaiian feast fashion.

The students enjoy the Luau because it not only offers them a change from the typical menu, but they are entertained by a band while sharing in the camaraderie the Luau offers.

Students were able to select food at the Luau from buffet style tables, piled high with food.

Emily Hayes, Grenadette Meyers, Becky Grafer, Megan Eyre, and Jeanette Ramous enjoy the food and conversation at the annual Luau.

Anthony Kleine and Phyliss Beard sit off to the side of the action and wait for the band to start playing.

Julie Pierson tries some of the fresh fruit that was served during the feast.

The Luau offered everyone the opportunity to sit back and relax before the semester got too hectic.

The German Dancers entertained students, faculty, and staff with their enthusiasm and fancy footwork.

The Sauerkraut Slide drew the biggest crowd of spectators at the day's events — and the bravest contestants.

KTOBERFEST

PROMOTES GERMAN HERITAGE

The second annual Oktoberfest offered the Stetson community the opportunity to celebrate the German Heritage.

The day long event included a band and dancers who entertained the crowd with the music and dance of Germany. During the day several contests challenged the students: sausage eating, yodeling, and the Sauerkraut Slide.

The huge tarp covered with sauerkraut and other slippery substances help participants slide from one end to the other.

All in all the event proved to be a great success for the second year in a row.

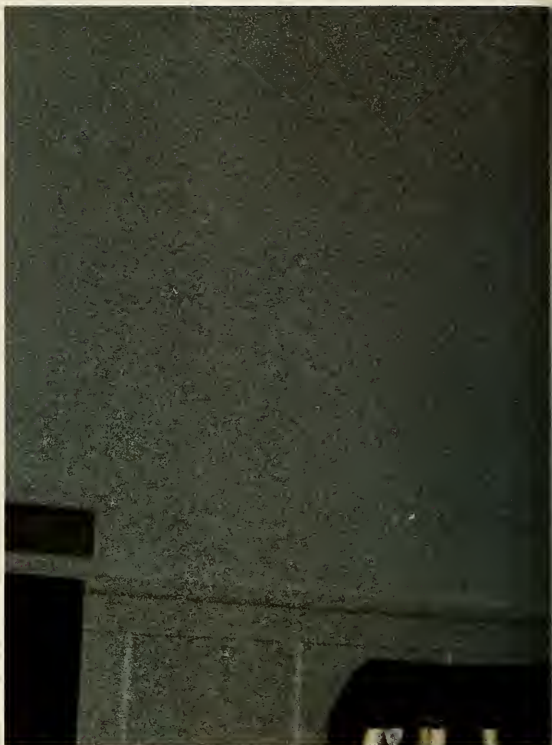

N EVER SAY GOODBYE

"Don't Say Goodbye" was the theme of this year's Homecoming. The festivities began with a banner competition and "Hatter Night out at Halftime!" On Friday a homecoming parade took place down Woodland Blvd.

This year's comedian, Adam Sandler, (with a guest appearance by David Spade) from Saturday Night Live, drew a packed house in the Elizabeth Hall Auditorium. A dance was held at the Holiday Inn, with Ron Piccolo and Pearl Ashcraft being crowned the homecoming royalty. Saturday's events included the traditional picnic in the Forest of Arden, and the Hatter Howl pep rally that evening. A free concert by Information Society, along with a bonfire, the Velcro Wall, and the gyro machine got the students psyched before the basketball game. The Hatters went up against the Lions of Southeastern Louisiana University.

This year's homecoming saw students taking a more active role in all events, and they had an opportunity to unite with alumni. No one wanted to say goodbye to the great weekend!

The velcro wall had people doing flips because they were having so much fun.

Adam Sandler offered comic relief during homecoming. He performed to a packed auditorium.

A large crowd attended the Hatter Howl to get psyched up for the homecoming game.

GETTING

INVOLVED

WITH

GREENFEATHER

Greenfeather Week is a week in which student organizations and other student groups compete to raise money. Greenfeather is a week in which students, faculty, and staff come together in the name of charity. School spirit definitely shines through in each of the activities open to the Stetson community.

Mr. Beauty, Ms. Greenfeather, the Olympic event, chalk art, and the rock-a-thon are events in which each group picks a student or several students to represent there organization or group. The winners are the people with the most spirit or the best fund raising abilities.

Greenfeather is a week in which everyone shows their pride in Stetson.

HARVEST FEST

This year the Student Life Office began a new event on campus, Harvestfest.

Harvestfest was an event open to students, faculty, and staff during the fall. The day long event consisted of a picnic, an arts and crafts sale, a hay ride, and various booths with vendors and activities for everyone to enjoy.

All in all the day was a fun filled event for everyone.

The hay ride was open to anyone who attended harvestfest.

A VISIT FROM JIMMY

On Monday, October 26, 1993 Stetson welcomed former President Jimmy

Carter. Carter has been an active member of Habitat For Humanity since his time out of office.

During his visit, the 39th President was welcomed by 600 students, faculty, and staff during an open discussion session, held in the Elizabeth Hall Auditorium. During a reception, which followed the discussion session, Carter was greeted by 300 people, primarily volunteer organizations on campus, at the Carlton Union Building. The reception showcased 21 service organizations which serve the Stetson Community as well as the surrounding community. Organizations such as Youth Advocating Planetary Improvement, Habitat For Humanity, Into The Streets, Youth Motivators, Amnesty International, Circle K International, Epsilon Sigma Alpha, Peer Educators, Student Ambassadors, BACCUS, and Students Against Sexual Assault.

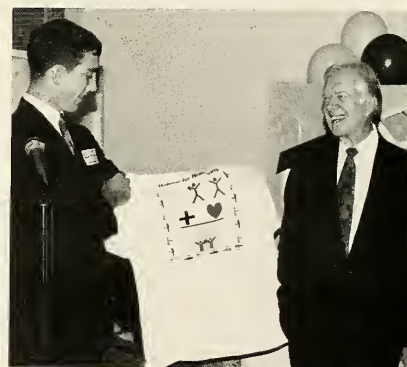

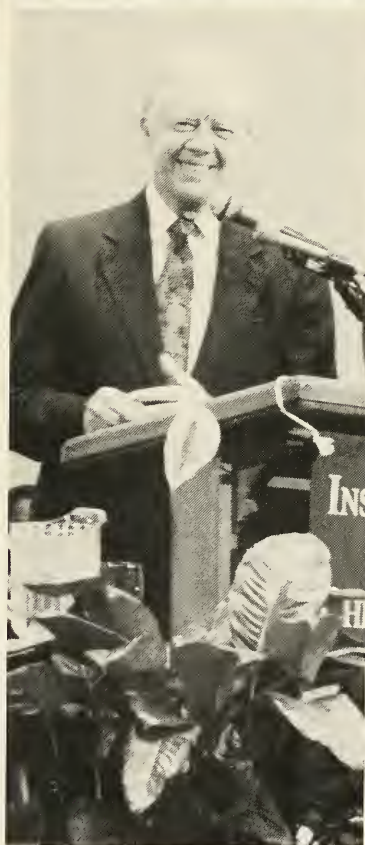

The capstone of Carter's visit was his speech at the Edmunds Center. The former President's visit was sponsored by Stetson's Institute for Christian Ethics as part of the James A. Stewart Lecture Series.

Gayle Littleton and President Doug Lee welcomed the former President, Jimmy Carter.

STUDENT AMBASSADORS SPREAD GOODWILL

The Student Ambassadors are a select group of volunteer Stetson students who assist the administration office with the recruitment of prospective students. We work hand-in-hand with Dean Glover and the admissions staff to promote the type of high quality image that is characteristic of our students to those students who are in the process of applying to colleges.

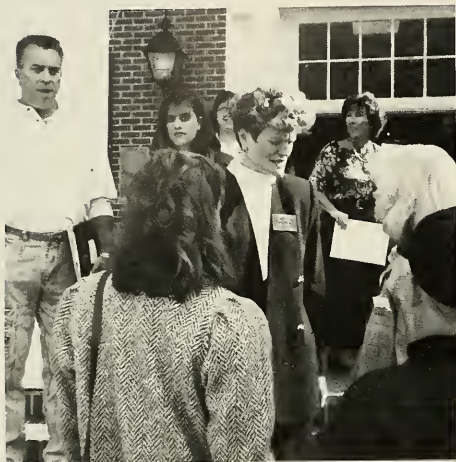

Not only are we Stetson's goodwill representatives, but we are also the student's most important contact. We give campus tours and provide these prospective students with the inside, perhaps uncensored, description of life here at Stetson which will help students learn how they can reach special academic and personal goals and prepare for the future.

Throughout the course of the year, student ambassadors are also involved in organizing such things as Summer Freshman Orientation, Parent's Weekend, Spring Open House and phonathons to prospective students. It is our job to organize seminars, schedule campus tours and to promote school spirit. These different activities gave us a chance to give back to Stetson all that it has given to us.

YULE LOG LIGHTING

Every year, for the past 54 years, Stetson University has marked the beginning of the holiday season with the ceremonious lighting of the yule log. Sponsored by Religious life council, the ceremony takes place at the base of Hulley Tower; there are scripture readings, Christmas Concert, caroling, the playing of the bells in Hulley Tower, the lighting of the Christmas Tree, and a candelight walk to Holler Fountain.

The lighting of the yule log is a tradition which spread from an old English tradition that, at one time, consisted of the women's residence halls lighting candles in the windows of each room. Today, the lighting takes place outside for anyone who chose to attend.

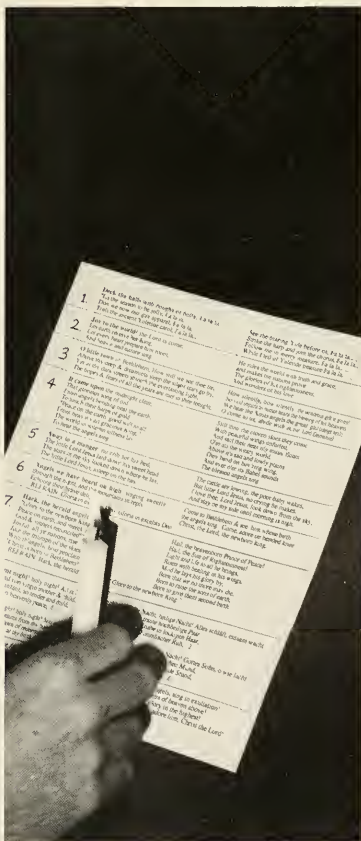

The lighting of the yule log marks the beginning of the holiday season and the end of the year. It is said to bring good luck to everyone who attends. As a symbolic casting away of the past year, members of the audience are invited to throw twigs on the fire.

INTO THE STREETS

Into The Streets (ITS) is Stetson's volunteer coalition. It is a network of Circle K, YAPI, Habitat for Humanity, Resident Hall Liaisons and an executive committee that promotes, supports, and enhances student involvement in community service. We organize special one-day campus-wide service events like Head-Start Field Day and the CPR Rally. ITS crosses all institutional and cultural lines and encourages everyone to listen to each other and reach out to the community.

Since our beginning in 1991, we have grown from a core of seven dedicated members to a full grown volunteer coalition that reaches hundreds of Stetson students and citizens of the DeLand community. All of our members are "seeds of service." They came to plant a positive image of life wherever they volunteer.

Through the support of Hollis Leadership and Campus Life, we now have an office. The Into The Streets office is the central networking center for volunteer opportunities at Stetson University and in the DeLand community.

Stetson students are leading the way in addressing social problems. We are building a society in which all people can live with dignity and respect.

STUDENTS TRANSCENDING HOMOPHOBIA

Students Transcending Homophobia is a group dedicated to challenging the prevailing notions about sexual orientation.

Within a month and a half of receiving official recognition as a student organization, STH reached more goals than anyone expected. Carefully planned meetings with administrators and dedicated leaders were all part of STH's strategy for success. Our information tables and campaign for an equal opportunity statement encouraged dialogue and promoted intellectual challenges at all levels throughout the Stetson community. At the '93 Campus Life Awards ceremony, STH won the award for Most Active Organization and Most Spirited Organization on campus.

Leaders for the 93-94 academic year, many of whom attended the '93 March on Washington and Student Conferences for gay equal rights, are enthusiastic about the future of Students Transcending Homophobia. We look forward to a day when all students can truly respect one another. We believe, however, that all of us must first understand who we truly are from an inclusive perspective.

LIZ MAURER — ENGLAND

The year I spent at the university in Nottingham, England was the best and most important year in my life. At first I had decided to go only for the Spring 1992 semester, but after being there for less than a month, I knew I wanted to stay. Going back for a new year, after already having been there, was quite an exciting feeling, as I was the only returning American student. By December this year I had become so accustomed to the British lifestyle, that I almost had forgotten I was a foreigner. We were given plenty of time to travel, especially during the 5 week Spring Holiday. I traveled to many beautiful places — cities and villages all over England, as well as to Scotland, Northern Ireland, the Republic of Ireland, Wales, France, Italy, and Greece, but no matter where I went I was always glad to return to my cozy room in Nottingham. My life in England was incredible and in fact has shaped my future; I plan to return to England in October 1994 to get my Masters degree. I encourage all of those who can, to study abroad at any universities that Stetson offers; you make great friends from all over the world and you'll never again have an experience like it.

NIKKI SALAMONE

— FRANCE

My semester abroad was a tremendous transition period to the culture, the language, international expectations, stereotypes, and the like. The study abroad students at the University of Bourgogne, Dijon were myself, Erin Carmichael, Lisa Cotton, Virginia Dyer, Kelle Edwards, Laurie Foreman, Amy Oke, and Stephanie Taylor. From the wine caves of Beaune to the city of Lights, from outrageous Amsterdam to war-stricken Germany, from the salt mines of Salzburg (and the Sound of Music) to the canals of Venice and the Danube River in Czechoslova-

kia and Hungary, from the rolling hills in Ireland to the Islands of Greece, from the Stetson sponsored excursions to museums in Paris and the Chateaux of both the Lorie Valley and of Bourgogne; Europe conquered our feet and conquered our hearts.

I felt the ultimate freedom of the world and learned to appreciate my own country: I became patriotic, I became international, I became myself.

Now that I am back at Stetson, I appreciate more and more my memories and experiences in Dijon and the rest of Europe.

MICHELE SURPRENANT — SPAIN

The best experience of my life was going to live in Madrid. What's so great about living outside of the U. S. ? It is that you learn about yourself and you learn to avoid the stereotyping of other people and cultures. I never realized how much of what I do, I do because I'm American. Spuniards

and other Europeans ways of life are really different from ours, from the simplest things as dancing or ordering food in a restaurant to more complex things as their university system.

Spain is a beautiful country full of fun, open-minded and far-out people. I can recommend a semester or a year abroad to any student who wants an adventure of a life time. I don't regret one single day there! After graduation I'm going back.

PAIGE KNAEBEL — ENGLAND

The experience of a lifetime was being able to study in Nottingham, England. Nothing could compare to the adventures and memories I would gather during my stay.

While in Nottingham, I met many wonderful people. We all have many memories of Monday nights in The Bell, or days spent in the Arboretum Park. There seemed to be something new and different everyday.

On weekends we were able to travel. Our travels included excursions to Scotland, Ireland, and travels through Great Britain. During the five week break, travels took us to Europe. We were able to travel by train and boat from Amsterdam all the way down to Greece. What an experience to live out of a backpack for over a month!

My experience while abroad is hard to sum up on one page. The most important aspect of my travels was the independence and determination I gained while abroad. I feel the semester in England changed everyone. We all came back different people with memories to last a lifetime.

KAREN LAZAR — RUSSIA

Although Stetson has given me many opportunities since I was a freshman, the most beneficial and extraordinary has been the chance to study abroad in Moscow, Russia. As a Russian Studies Major, I prepared for two years to go and sometimes it seemed as though I would never get there. Then September arrived and I was on an airplane headed for Russia.

Looking back, all of us recall being stranded in the Moscow airport, Jason being attacked by a Russian police officer, Muffy and Jason being robbed on Thanksgiving, Lynn slipping on the ice, Eric and Marissa bickering, Elissa and her enormous bags filled with food from the Irish House (A supermarket), Kelly hoping to hold on to her upbeat disposition, and me, well what can I say, those who were with my know my escapades!

MULTI-CULTURAL DIVERSITY

This year the Stetson Community dedicated itself to Multicultural Diversity. In an attempt to enlighten and educate people about various ethnic groups. This year Black Awareness Week offered students various activities to attend. There were several films shown in the student lounge of the CUB; group discussions followed the films. Outside activities and events accompanied the films and discussions to create an awareness and an interest with the student, faculty, and staff.

Stetson's African-American Student Union sponsored a Gospel Extravaganza in which featured guests, Bethune-Cookman College Gospel Choir, performed with the Greater Union Baptist Church Choir, Mt. Calvary Freewill Baptist Choir, Antioch Freewill Baptist Church Choir, DeLeon Springs Church of God Gospel Choir, in Elizabeth Hall Auditorium, for the DeLand and Stetson Communities.

Multicultural Diversity is an important part of Stetson's future. This year awareness and diversity weeks included: Diversity Week, Human Civil Rights Week, Hispanic Week, Asian Week, Native American Week, and Women's Issues Week. HATS OFF TO STETSON DIVERSITY!

SUN SPLASH

One of the most enjoyable events for the Stetson community is Sun Splash. The all day event is in its second year, and was originally intended to be a day of sun and fun for everyone interested. At Sun Splash, you could play volleyball, try out the Virtual Reality Machine, catch some rays, listen to the great bands who performed, or check out the various items the vendors had on hand.

Another great event which began this year was The Last Splash Bash. Held near the end of the semester (before finals), this last bash was an afternoon of fun before the end of school. The splash part of the bash began at Rinker Field with a huge water fight. As the bash continued, the crowd was able to try out the Virtual Reality Machine or head to the Pit where the band Big Wide World performed for students, faculty, and staff. Both of these events give the entire Stetson community the chance to cut loose and have a good time during the fast pace of the school year.

The Virtual Reality Machine was free to anyone who attended Sun Splash or the Last Splash Bash.

Throughout the day people could be seen sun bathing.

Various vendors set up booths and offered "rasta" items for the right price.

THE BEST FITTING CAP OF ALL!

On May 16, 1993, Stetson seniors gathered for one of the most important events of their lives, graduation. The day began with baccalaureate, Dr. Clyde Fant and O. L. Walker spoke at the service. Brunch followed baccalaureate for all Stetson students and their families. The commencement exercises began at 1:30.

Pearl Ashcraft and Adam Forrand gave the students speeches at commencement. Pearl speech, about good times and good friends, touched at the heart strings of the audience and brought smiles and nod from the seniors who sat in anxious anticipation of their diplomas. Adam, in his speech, reminded the seniors of the importance of risk taking. He stressed the risks taken when leaving for college and the risks to be encountered afterward.

The speaker for the 1993 graduation ceremony was David Broder, a national political columnist for the Washington Post. He was given an honorary doctor of law degree at commencement.

The 1993 winner of the McEniry award for excellence in teaching was given to Dr. Wayne Dickson. He was presented the award by his friend and colleague Dr. Michael Raymond.

Professor Maxine Patteron, who began at Stetson in 1948 teaching secretarial science. She helped develop and implement Winter Term and summer business internships and served on a variety of university committees and as a member of the Faculty Senate. Dorothy Smith, former switchboard operator and a member of Stetson for 10 years. Dr. Malcolm Wynn, member of the History department for 40 years. He begins the fall semester on senior active status.

STETSON UNIVERSITY PRESIDENT DOUG LEE

On January 20, 1993, William Jefferson Clinton took the oath of office and became the 42nd president of the United States.

Carl Lewis may not make it to the next Olympics — he'll be 35 by then — but he won two gold medals this time, one for the long jump and one in the 400-meter relay.

There she is, Miss America. Leanza Cornett, 21, of Jacksonville, Florida, was the 66th Miss America chosen by a panel of celebrity judges. She is a sophomore studying communications at Rollins College in Winter Park, Florida. She said that she plans to speak about AIDS awareness during her year-long reign.

CURRENT EVENTS

The World was on edge as 1992 ended and 1993 began. From the crowning of Leanza Cornet as Miss America to Carl Lewis winning two gold medals at the Olympics, it was a year of anticipation and rejoice. **1992 WAS AN EXCITING YEAR FOR THE U.S. PEOPLE**

From the Presidential campaign, which turned into a three ringed circus, to civil wars which seemed to reach around the globe, 1992 was an exciting and vortical year.

The United States sent troops to intervene in the war torn country of Somalia, in hopes of creating peace and ending the ethnic cleansing and starvation the people were facing. It was also the year that a Democrat — Bill Clinton — would be elected to the office of President for the first time in twelve years and voter turn out was at an all time high. Voting lines in Central Florida were sometimes two and three hours long. American politics and politicians have always demanded attention but after a week of rioting, looting and basic civil unrest in Southern California voters had to speak up. The backlash after the not guilty verdict in the Rodney King beating trial left us asking our leaders for answers.

This was a year for Americans to get involved State and Locally, and for America to get more involved Nationally. As the year 1993 progresses we are left wondering what will happen next

Ethel Carpenter was honored during homecoming for being one of Stetson oldest living alumni.

Bill Clinton stepped into the national spotlight and won the nomination at the Democratic National Convention in a hot July week in New York City. Clinton, a former Rhodes Scholar at Oxford University and a graduate of Yale Law School, was governor of Arkansas when he decided to enter the national race. As his running mate, he chose Al Gore, who was elected to the House of Representatives at the age of 28 in his first campaign for public office. He was elected to the Senate House in 1984.

Ross Perot made his first billion when the computer company he founded began selling stock. His presidential candidacy came to a stop when he abruptly quit the race in July. Then he got back into the race with about five weeks to go before Election Day. As his running mate, he chose James Stockdale, 68, a highly decorated former Navy fighter pilot and POW. Spending millions of dollars of his own money and relying on an army of "volunteers," the Perot campaign was off and running. It included a spot in the presidential debates that were held in October.

Bush kept Quayle as his running mate in 1992. The two arrived at the GOP convention Houston (and left) as underdogs to the Clinton/Gore ticket. During the GOP convention, the impression the Bush strategists sought to convey was that the president was the true agent of change and that Clinton was slick and unreliable. For the Democrats, the economy — and Bush's perceived mishandling of it — remained the main message that they hammered again and again. After the Democratic Convention in New York City, the Clinton/Gore ticket was far ahead in the polls.

On the Republican side, First Lady Barbara Bush has been standing by her husband since they were married in 1945. She is the mother of five children. One of her sons, Jeb, once said: "Dad was the chief executive officer, but mother was the chief operating officer. We all reported to her." Marilyn Quayle is the quintessential suburban mother involved in PTA, Little League and school plays.

The wives of the Democratic candidates, Hillary Clinton and Tipper Gore, were very active in the campaign — Mrs. Clinton, a tough-minded lawyer, Tipper Gore, a crusader for warning labels on albums with explicit lyrics. Both women were tireless campaigners for the Clinton/Gore ticket.

Civil war spread across Yugoslavia, a nation of six republics and two provinces that had been plagued for centuries by historic ethnic, religious and economic differences. Nationalists, Anti-Communist parties won elections in 1991 in all republics except Serbia, the largest, and Montenegro. Then Croatia and its neighbor Slovenia declared their independence. Traditional rivalries were strongest between the 9 million Serbs, who belong to the Orthodox church, and the 5 million Croats, who are Roman Catholic. Tens of thousands of people became refugees and the killing continued.

Serbian soldiers entered Bosnia and began killing Muslims. The war which has continued for over a year, began the process of ethnic cleansing.

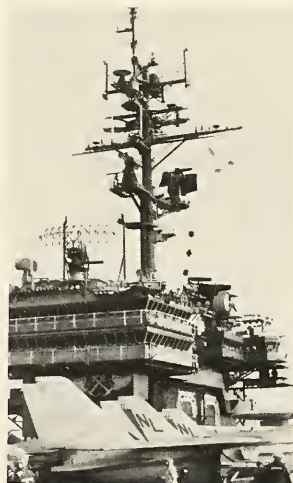

Muslims were leaving Bosnia 2000 at a time, on vehicles designed to carry only 650. During their flight several people were crushed to death in their hope for a more peaceful life.

When Rodney King was stopped by police on a Los Angeles freeway, police say he resisted them and was beaten. Someone videotaped the melee and released the tape to local television stations. It received national attention, and four white officers were charged in the beating of King, who was black. But when a jury found them innocent of any wrong-doing, three days of rioting hit Los Angeles. When it ended, 52 people were dead, 2,383 were injured, 18,807 were arrested, and the amount of property damage was estimated at \$785 million.

The United States Marines arrived in Somalia on December 9, 1992. The starving African country ravaged by famine and widespread looting of food from international relief agencies. The Marines offered a security force to insure safe food distribution.

United States and allied aircraft attacked strategic targets in Iraq in early January. The first attack hit a nuclear complex near the capital city of Baghdad, followed by other strategic hits on Iraqi missile sites. Many of the U. S. aircraft that flew raids over Iraq were based on the USS Kitty Hawk.

When George Bush's campaign for the presidency began to falter, he turned to his longtime friend James A. Baker III for help. Baker took leave for his duties as Secretary of State and joined the re-election campaign to get it back on track. Baker was repeating the role he performed in 1988, when he quit as President Reagan's treasury secretary to run then-Vice President Bush's campaign. He travels with the President, preferring to stage-manage events from the White House. Now, as then, he is looking to manage a come-from-behind victory.

Itzhak Rabin, Israel's prime minister, was chief of staff when the army captured the West Bank and Gaza strip 25 years ago. The 70-year-old Rabin was premier from 1974-77. In a speech to Parliament not long after his June election, he let it be known that Israel had a new boss with a hard-nosed approach to Middle East peacemaking. Rabin said he wanted peace, and as part of that goal, he stressed the importance of stopping the spread of nuclear weapons in that part of the world. It was one more reason, he said, "for the urgent need to end the Arab-Israeli conflict."

In early 1992, Boutros Boutros-Ghali became the world's top diplomat — the Secretary General of the United Nations. The former Egyptian deputy prime minister quickly earned high marks for firmness and new ideas. The 69-year-old diplomat was chosen by the Security Council as a transitional compromise figure and is expected to serve only one five-year term.

In 1991 Boris Yeltsin was elected president of the Russian Federation. One of his top priorities was economic reform. But the gloomy economic conditions reflected the grave difficulties he and his government faced trying to build a market economy on the ruins of the failed Soviet Communist System. While attempting to establish economic and political ties abroad, Yeltsin's reforms at home increased prices by as much as 1,500 percent during the first part of 1992. Many Russians felt that the reforms had damaged their living standards significantly.

Pope John Paul II underwent colon surgery in the summer of 1992 to remove a benign tumor. The 72-year-old Pontiff was hospitalized for about 10 days. The Pope had aggressively wielded the Vatican's influence in the secular world — from assisting in peace efforts to helping topple communism in his native Poland and across eastern Europe. In 1978 he became the first non-Italian pope in 455 years.

Saddam Hussein is alive and well and living in Baghdad — at least by most accounts. The Mideast War ended in February, 1991. Since that day, President Bush has urged the downfall of the 55-year-old leader. But within Iraq, Saddam Hussein appears to have only grown stronger since his troops were forced out of Kuwait. However, he lives under a constant threat of death by Iraqi opposition leaders and a host of other enemies. It was because of this fear of assassination that he reorganized his personal bodyguard corps and appointed his young son, Qusai, as chief of presidential security.

Barcelona, Spain, hosted the summer olympics in 1992 and it proved to be a bonanza for the United States — a total of 108 medals. A record 10,000 athletes, professional and amateurs, from 183 countries gathered in this rapidly modernized metropolis nestled between the mountains and the Mediterranean Sea. In the diving competitions, Mary Ellen Clark won the bronze metal from the 10 meter platform.

Basketball great Larry Bird retired from the Boston Celtics after a 13-year career. "When I played, I played as hard as I could. That's what I want to be remembered for." The 35-year-old Bird was plagued by back problems for the last two seasons of his career. His brilliant passing, pinpoint shooting and rebounding made him the consummate team player.

Hurricane Iniki dealt a direct blow to part of the Hawaiian Islands in September. Winds gusting up to 160 mph and torrential rain hit Kauai Island, causing enormous damage. It was the most powerful hurricanes to hit the Hawaiian Islands this century. Twenty-foot waves crashed over coastal highways and the island lost all power and telephone service even before the worst of the storm hit. Oahu, the state's most populated island with 800,000 people, is separated from Kauai by an 80-mile channel and was spared the brunt of the storm.

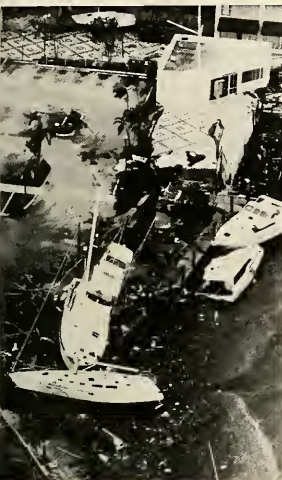

Clear cutting was one of clearing timber that the environmentalists wanted to eliminate in 1992 and 1993. Environmental groups want to protect the prime sanctuary for many threatened species.

America needs to recycle. And America also needs to use recycled products. Recycling has produced vast supplies of paper, glass and other reusable trash, but not enough demand. A business alliance for the National Recycling Coalition is campaigning to encourage small and large business to commit themselves to buy recycled products.

Hurricane Andrew carved its way through the Bahamas and hit South Florida with a powerhouse intensity before moving into Louisiana. It was a harrowing time, as tens of thousands of people tried to evacuate the Miami area and thousands more rode out the storm in shelters and boarded up homes.

A oil tanker carrying nearly 25 million gallons of crude oil lost power and was blown onto the rugged coastline of the Bay of Quendale, 100 miles north of Aberdeen, Scotland. The 100-island Shetlands group in the North Sea is sparsely populated but abounds with birds, seals, fish, and other wildlife.

Hurricane Andrew's 54-hour rampage, the most expensive natural disaster ever to hit this country, left an estimated 180,000 homeless in Florida alone. At least 51 deaths were directly attributed to the storm — 41 in Florida and 10 in Louisiana. The amount of damage was estimated at \$20 billion in Florida and nearly \$2 billion in Louisiana.

The Environmental Protection Agency issued rules aimed at curbing industrial air pollution. The new rules outlined when businesses must obtain state pollution control permits under the Clean Air Act. Environmental groups, such as the Sierra Club, led the charge against polluters. The Clean Air Act requires businesses to meet new clean air requirements by reducing toxic emissions and releases that contribute to smog. Under the rule, states issue pollution control permits and the EPA monitors state programs to make certain they comply with federal rules.

Unemployment was one of the major issues during the 1992 presidential campaign. The unemployment rate had risen from 5.2 percent, when President Bush took office in 1988, to over 7 percent on Election Day, 1992. That meant 9.7 million Americans were out of work. And according to Labor Department projections, there will be 30 percent more college graduates than college-level jobs from now until the year 2005.

With sales of millions of albums, the hard driving rock band Guns N' Roses was a heavy-metal phenomena. But the group had a tendency to get a little rowdy during their concerts. At one such event in St. Louis, 40 concert-goers and 25 police officers were injured in a melee that erupted after the singer Axl Rose leaped from the stage to take a camera from a fan and then angrily stormed off, abruptly ending the show. He was arrested in July, 1992, and charged with four misdemeanor assault counts. The group's latest single, November Rain, was at the top of the charts in September.

"The Red Hot Chili Peppers have no preconceived notions; we just do whatever comes out," says Drummer Chad Smith. What's come out lately is a new album, "Blood Sugar Sex Magik," which hit the top of the charts as soon as it was released. The album is the second with the current band members, who formed six months after the 1988 death of founding guitarist Hillel Slovak and the subsequent departure of drummer Jack Irons. The album features a quieter, more thoughtful side of the Chili Peppers. But there is still plenty of sonic funk.

En Vogue, also known as the "Supremes of the 90's," include Terry Ellis, Dawn Robinson, Cindy Herron, and Maxine Jones. Their rich, layer sound, graces several styles on "Funky Divas," from hip hop and rhythm and blues to rap and rock.

The next Elvis? That's what some people are calling Billy Ray Cyrus. The 30-year-old singer, who dresses in blue jeans with the American flag on the right rear pocket, hit it big with his rollicking single "Achy Breaky Heart." He combs his long, brown hair back into a drooping ponytail, which he ceremoniously unties during his performances. His album, "Some Gave All," is a blend of country, blues, and rock 'n' roll. He wrote six of the songs, including the title song, which is a poignant ballad that salutes Vietnam Veterans.

Two rappers are turning teenage fashion inside out. The trendy new look being popularized by the duo Kris Kross is to wear clothes backward, labels out. It's called Kross-dressing. Their latest hit record, "Warm It Up," steadily inched its way up the charts. Kris Kross members Kris Smith and Kris Kelly, both 13, wear their clothes back-to-front on the cover of the album "Totally Krossed Out."

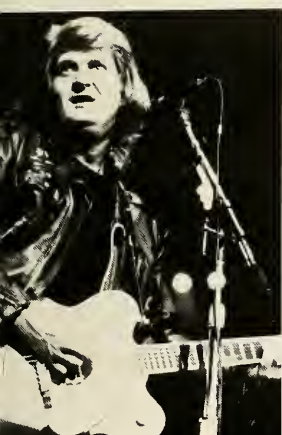

Garth Brooks, whose introspective songs and rousing concerts lifted country music to new heights, was voted top entertainer by his peers for the second year in a row in 1992. The 30-year-old superstar managed to top both the country and the pop charts with his 9-million-selling album "Ropin' the Wind." The soft spoken singer from Oklahoma says he spent more time in his youth listening to Elton John and James Taylor then emulating Hank Williams and Merle Haggard.

Mariah Carey, has hit it big. The pop vocalist and songwriter set the music world ablaze in 1990 when her debut album was released. Featuring the hit single "Vision of Love," the critics raved about her seven-octave vocal range and her gospel-toned voice. It eventually sold more than seven million copies. She writes and arranges most of her own songs.

Tom Cochrane became more and more popular toward the end of 1992. The pop singer made it to the charts with his hit single "Life is a Highway."

TOP 20 ALBUMS OF 1992

Rapper Ice-T ignited a furor with his song "Cop Killer." Ice-T said the controversial song was a warning to the Los Angeles police, whom he accused of brutality, specifically he was referring to the videotaped police beating of Rodney King and its aftermath of riots. However, the singer later removed the song from his "Body Count" album after law enforcement officials and others criticized Time T for allowing the song to be distributed on the company's record label.

Venessa Williams says she looks forward to the day when a story will be written about her that doesn't contain the words Miss America. (Sorry Venessa.) "I think in time it will definitely be behind me," she said of her 1984 beauty crown and subsequent forfeiture because of some photos that were published of her. The 30-year-old entertainer has since launched a very successful career as an actress and singer.

THE FACES BEHIND THE NAME... STETSON

***T**he variety of names and faces around campus are what Stetson is all about. Each of our personalities, likes, dislikes, abilities, successes or failures is what makes us individuals.*

However, we are all united on Stetson's campus; we help to create the mood and the name for Stetson.

Stetson offers the students, faculty, and staff something invaluable — the experience of meshing with people we might not otherwise have ever met. We effect and are affected by everyone we meet during our college years.

As we move from Freshmen to Seniors with our heads filled with knowledge and our minds opened up to the different ways of the world, we have to remember our days as Hatters. The Stetson Hat is definitely a hat in which ONE SIZE FITS ALL!

TOP HAT

Don Spence

Don has been active at Stetson as vice-president of Amnesty International. He organized a kick-off concert for the 1993 Earth Week festivities. He was chosen as a Vaughn-Jordan Scholar from 1992-1994. On the wild side, he has assisted on biological research of the Dusky Rattlesnake.

Future plans include a summer internship at the State Botanical Gardens of Georgia in Athens, GA and Stetson and graduation.

Don is not partial to anyone professor or course but feels that Drs. Norman, May, and Farrell have all been instrumental in providing an excellent groundwork for his further study. What Stetson means to Don? "An opportunity for accomplishment and success." Noreen Seacrist

STETSON LAW SCHOOL

In 1883, Stetson University was established as Florida's first university. Seventeen years later, in 1900, Stetson University College of Law was founded and became Florida's first law school. Originally connected to the main DeLand campus, the law school moved to its current St. Petersburg location in 1954. At that time the student body consisted of 100 students. Today, the law school has a population which totals over 650 students.

Because of its academic excellence, the College of Law attracts a national student body. Approximately 160 colleges and 40 states are represented by the currently-enrolled students. As of May 1993, forty-nine members of the student body obtained their undergraduate degrees from Stetson University. Approximately fifty percent of the student body is female, fifteen percent represent minorities and a substantial number of students are over the age of twenty-five. It is this diversity, in combination with the superior academic curriculum, that gives Stetson students the skills necessary to excel in the legal profession.

PASSIN' THE HAT

RAISING INTEREST IN STETSON

The DeLand Community has a great deal to offer Stetson's students, faculty, and staff. Area business owners offer discounts to students in coupon booklets passed out at the beginning of each school year. The business owners also donate money to various sports booster clubs and organizations, as well as participating in various Stetson sponsored events.

The area businesses look to the Stetson Reporter and the Hatter Yearbook for advertising and as information sources.

The Hatter Yearbook would like to thank the area businesses and students parents and friends who bought ads in and for PASSIN' THE HAT in support of Stetson and the Hatter Yearbook.

The Stetson University

OFFICE WITH A VIEW

Working at a professional level that ordinarily might take years of apprenticeship back home, Peace Corps Volunteers also enjoy a unique *life* experience overseas. And when they return, they find that international firms, domestic corporations, and government agencies value the skills and knowledge acquired while overseas.

Peace Corps works in more countries now than ever before, and needs people from many disciplines—education, technical trades, health, the environment, agriculture, community development, engineering, and the sciences. Whether you have a degree, or several years of experience, Peace Corps may be

able to use your skills as no other employer would—while giving you the opportunity to immerse yourself in a new culture...and help to improve the lives of others while enriching your own.

You'll also receive some significant financial benefits: \$5400 when you return, partial cancellation of Perkins Loans and deferments of many others, living and travel expenses, language and technical training, and more. Can you afford not to volunteer?

If I were to take stock of all my worldly treasures, the memories I have of the few years spent with you would be my most cherished possessions.

From "K" to "Grad" you've always made your mark along the way,
Awards were yours, from "Class Citizen" to "Prez", "Who's Who" and OK.

You've made us very proud and as you graduate, sweet Lu,
We wish you love, joy and great success in all you do.

Watching you climb the ladder of education and attain your goals has been one of life's greatest pleasures for us.

Love, Your entire family
especially Mom & Dad

Congratulations, Karen!

We're so very proud of you! You have not allowed hurts and heartaches to extinguish your Light, but have drawn on the power of Christ within you to keep your dreams alive. You have become a stronger and wiser person. We love you so much!

Mom, Dad & Jenny

Let your Light so shine before men, that they may see your good works, and glorify your Father, who is in heaven.

Matthew 5:16

Ray

It seems like just yesterday you were starting kindergarten.

Then it was graduating Academy ... and now college. Son, we love you and are very proud of you. May the Lord continue to walk beside you.

Dad, Mom, Heather, and the gang

Mark Holley

We want you to know we admire and enjoy your sound, steady, enthusiastic, creative, caring, and delightful personality.

The year was full of ups and downs, but everyone stuck together to show their loyalty. The people of Stetson have grown a great deal this year. Our awareness and involvement with various groups on campus that deal with race, ethnicity and alternative lifestyles. We are proving to be a more diversified community of people.

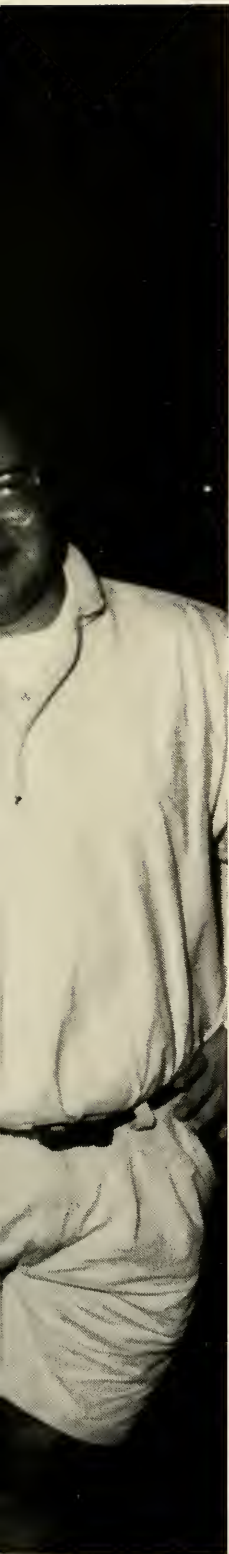

As this school year ends and the new one begins let's hope for more and remember If the Hat Fits Wear It.
